Schedule 40 Clear PVC Threaded Mixers

Maximum Pressure Ratings

Pressure (PSI) vs. Temperature (°F)

_PIPE DIAMETER_
- 3/8"
- 1/2"
- 3/4"
- 1"
- 1-1/4"
- 1-1/2"
- 2"

Pressure (PSI) decreases with increasing temperature. The graph shows the maximum pressure ratings for different pipe diameters at various temperatures.
